Acting as a solid bridge between design and development, my skills expand extensively into both realms. I have the ability to think through front-end constraints as I design, and to code while maintaining a true eye for visual balance and usability.

TOOLS

- HTML/CSS
- JavaScript
- TypeScript
- Sass
- Vue.js
- Bootstrap
- Bitbucket
- Git
- Sketch
- InVision
- Adobe CC
- Material Design
- Agile/Lean
- Microsoft Office
- Mac & PC
- Jira & Kanban

I am willing to learn and become an expert in whatever design & coding tools and frameworks your team uses.

WORK EXPERIENCE

Health Sqyre UX Developer

June 2020 - January 2022

- Created mobile-first designs for new features & functionality across our e-commerce platform, and patient & admin portals
- Developed responsive designs using Vue.js, HTML, CSS, Sass, JavaScript, & TypeScript
- Performed bugfixes and code reviews while keeping an eye out for ways to improve existing code and UI
- Collaborated across teams to create interesting and intuitive solutions to technical & design problems
- Additional user research, persona creation, usability testing, and styles, brand, & typography development as needed

Freelance

UI Designer & Developer

October 2019 - June 2020

- Worked on UI projects for several companies and clients while focusing on responsive, user-centric design
- Took a physical product from design to manufacturing to market

ReedGroup / Guardian Life Insurance Co.

UX/UI Designer & Front-End Developer

April 2018 - August 2019

- Worked on an Agile team to create mockups, implement designs using Bootstrap, refine designs, and assist with user testing
- Worked closely with front-end teams to iterate and avoid scope creep by focusing on MVP designs
- Communicated designs to other designers, product owners, and engineering teams while collaborating across teams

The Rolland Group

Graphic/Visual Designer

July 2016 - March 2018

- Developed new design standards and revised print graphics to meet design standards
- Designed email ad campaigns using MailChimp and HTML
- Worked closely with the marketing team to create advertising content for web, print, and email

EDUCATION

Bachelor of Science ('09 - '13)
Indiana University - Bloomington
Kinesiology & Psychology

TreeHouse

Front End Web Development Track

ADDITIONAL EXPERIENCE

Personal Trainer & Chef 2012 - 2016

Designed training plans & recipes based on client goals, and organized & managed a run club
